ITpreneurs' PRINCE2 Foundation Course

PRINCE2 provides an easily tailored and scalable method for the management of all types of projects. This method is the de-facto standard for Project Management and is practiced worldwide.

ITpreneurs' 3-day PRINCE2 Foundation course (based on PRINCE2:2009) provides an optimal mix of classroom lectures, interactive case studies, assignments, additional reading materials, and exam preparation material. Participants in this course will enjoy learning about the PRINCE2 methodology, and will concurrently learn the skills needed to practically apply this knowledge in real life.

Sample exams and a thorough review of course materials during the course help participants prepare for taking on and passing the PRINCE2 Foundation Exam.

PRINCE2®

PPM1210CL
3-day
PRINCE2 Foundation
Course

Certificate:
PRINCE2 Foundation
Duration:
2-5-hour self-study
3-day classroom
Course Delivery:
Classroom
Languages:
English

Course Description:

PRINCE2 (PRojects IN Controlled Environments) provides common processes, management products, roles, and language for use throughout an organization's projects. PRINCE2 is the most successful Project Management method in the world – it has become the de-facto standard in both the private and public sectors.

This course is aimed at people who work, or would like to work, on projects on a daily basis. This course is designed to provide you with that information and working-level understanding of structured Project Management, as presented in PRINCE2. At the end of this course, you will be able to use this knowledge to manage a project and pass the APMG PRINCE2 Foundation examination.

Audience:

- Those considering adopting PRINCE2
- Project managers
- Project team managers and leaders
- Project coordinators
- Project support staff
- Project officers
- Consultants and contractors

Learning Objectives:

At the end of this course, you will understand:

- The principles of the PRINCE2 Project Management method
- How to start, control, and close projects
- How to manage quality
- How to manage risk
- How to deliver projects on time, within budget, and to the specified business case
- How to tailor PRINCE2 to different project environments

Prerequisites:

There are no formal prerequisites.

Why an ITpreneurs' PRINCE2 Training Course:

- ITpreneurs provides you with quality training materials and a unique learning experience. Your course workbook includes everything you need to prepare for and successfully pass the exam. You receive pre-course reading materials that help you understand the basics in an interactive and fun way, even before you come to the class.
- PRINCE2 training courses are presented by APMG-approved instructors, who have undergone a stringent quality assessment as part of the approval process.
- Training materials are up to date and in line with the most recent version of PRINCE2 — PRINCE2:2009.
- ITpreneurs works with a global network of partners to deliver PRINCE2 training courses; this means that almost certainly, there is a partner in your area, and we can deliver courses in your language.

Course Learner Material:

- Copy of the classroom presentation material, practice exam, case study, homework, and assignments
- A PDF with pre-course reading materials that sets the scene for what you can expect from the course and allows you to check your current level of readiness
- Optional reading material (recommended) Managing Successful Projects with PRINCE2: 2009 Edition, ISBN: 0113310595 (not included with course learner material)

Courses That Might Also Be of Interest:

- The PRINCE2 Practitioner course will help you apply and tailor PRINCE2 to address the needs and problems of a given project scenario. This 2-day course is the logical next step after the Foundation course and is typically conducted immediately after the Foundation course, in the same week.
- The ITIL v3 Foundation course focuses on providing knowledge and comprehension of the key concepts, structure, terminology, and processes of ITIL. This course will help you master ITIL at the Foundation level and prepares you for the v3 Foundation Exam.

ITpreneurs Training Material Accreditation Status

ITpreneurs is an Affiliate of CC Learning who is the Accredited Training Organization for PRINCE2.

ITpreneurs' PRINCE2 Practitioners Course

PRINCE2 provides an easily tailored and scalable method for the management of all types of projects. This method is the de-facto standard for Project Management and is practiced worldwide.

ITpreneurs' 2-day PRINCE2 Practitioner course (based on PRINCE2:2009) builds on the knowledge that participants have gained in the PRINCE2 Foundation course and focuses on applying and tailoring PRINCE2 for the effective use of the PRINCE2 Project Management methodology in projects.

Sample exams and a thorough review of course materials during the course help participants prepare for taking on and passing the PRINCE2 Practitioner Exam.
